Methods in Soil Analysis: Technical Bulletin (Classic Reprint) (Paperback)

By Firman E Bear

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Methods in Soil Analysis: Technical Bulletin Much importance has been attributed in recent years to the analysis of soils for total constituents. The literature covering the methods for such analysis, while rather extensive, is scattered, and in many cases the methods described are not well suited to rapid routine practice. In view of these facts it has been thought that the compilation and publication of the methods used and in part evolved in the soils laboratory of the West Virginia Agricultural Experiment Station may be of value to others desiring methods which arc rapid and at the same time sufficiently accurate to meet the requirements of most soil investigations. The methods arc presented in sufficient detail to permit their employment by those who have not had extensive experience in quantitative work. In the development of these methods access has been had to the methods employed by the New York, Illinois, and Wisconsin experiment stations. Use has also been made of material from procedures as published by the Ohio, Tennessee, and other experiment stations. Much has...
