Princeton University Press, 1993. Paperback. Book Condition: New. New paperback book, never been read. 2nd printing. From the publisher -- Assuming that "marginal" citizens cannot govern their own lives, proponents of the therapeutic state urge casework intervention to reshape the attitudes and behaviors of those who live outside the social mainstream. Thus the victims of poverty, delinquency, family violence, and other problems are to be "normalized" -- attitudes and behaviors reshaped by those who live outside the social mainstream. Andrew Polsky finds this a potentially troubling use of state power and investigates the broad network of public agencies that adopt the casework approach. Current list price: $21.95.
