Not illustrated. 1915 Excerpt: .and this fact certainly indicates that the menace of the feeble-minded in our large cities at least should be guarded against at the outset. It is true that a straight literacy test would exclude many normal persons who come from countries where education is not common, and on first thought we are confronted by the alternative of altruism with damage to ourselves, or self-preservation necessitating unsympathetic treatment of those poor Europeans who are doing what our own ancestors did one hundred and fifty years ago. There are a number of tests of intelligence however, apart from the literacy test. //. A certain number of feeble-minded children are not only the children of alien parents, but are themselves actually born in Europe. The writer has seen probably a dozen since the beginning of the present year--five months ago. The question of the deportation in the case of...
