The Ultimate Solar Power Design Guide: Less Theory More Practice (Paperback)

By Lacho Pop Mse, DIMI Avram Mse

Digital Publishing Ltd, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Imagine how often you read books about solar panels and solar power systems and their design and felt disappointed, confused without knowing how to get started and put together the pieces of the puzzle of your much anticipated and long-awaited solar power system. No more confusion! The book Ultimate Solar Power Design Guide - Less Theory, More Practice is the missing guide for proven simple fast design of solar electricity systems for your home, business, boat, vehicle or other outdoor activities. What is more, this guide is written by experts especially for beginners and professionals alike. Proper sizing of a solar system is very important. The final goal of the design of a photovoltaic system is to come up with a cost-effective, efficient and reliable solar panel system for your home, RV vehicle, boat or business - a solar system that squeezes the maximum possible power for every cent invested. In our opinion, the main drawback of many solar books is that they give too much general information about solar panels and solar components and, if...
