Reviews

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Woodward Press LLC, United States, 2015. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****.When three American performers travel to Paris in the summer of 1914, they become caught in the passions and politics of a nation on the brink of war. Separated by events, they fall in with factions for and against the conflict, and move ever deeper into a mysterious underground world of political intrigues. Only one man, a statesman and journalist, has the courage to stand up to the corrupt French government and keep the country neutral. When a mad French warmonger plots to kill him, the three Americans-the brooding banjo player Gus, his secretive partner Jack, and the lovestruck singer Kera-represent the only chance to save him from assassination. Based on true events surrounding the genesis of World War I, Curtain Calls captures the turmoil of the times that changed the course of modern history, in a story filled with the lust for power, betrayal, friendship, and love. The world of 1914 Paris comes alive, as the story takes readers into raucous cabarets filled with the city s most memorable and flamboyant characters. Banjo player Gus Amato and his partner, guitarist Jack Sullivan, known as the Ballo Brothers, are touring in Europe. Kera McGill, a young singer making her first trip overseas, joins them. Kera shows romantic interest in Gus, even though he is almost twice her age. But the brooding musician is more concerned about the threat of conflict, their dwindling finances, and Jack s frequent disappearances after the shows. France is divided over entering the war. The statesman-the historical figure Jean Jaures-leads an effort to stop it, as he did successfully in 1912. The three performers become separated, and each is absorbed into the...
