Brand New Book ***** Print on Demand *****.Did you know that tea is the second most drank liquid on the world after water? The world of tea is diverse, with tea literally grown all over the world, from islands to hills, from China to Kenya. If you thought, tea is only about black, green and white teas, think again. The taste of tea in your cup can differ based on the soil the plant was grown in, the amount of sun or rain it got, the way it was processed or even the way you brew it. As a confession, this book is not your typical page after page story type of writing, sorry for that.What is this book about?From trivia, to recipes, from famous loose-leaf tea types to tea growing regions, the content is rather simply organised in 99 points; you might or might not know about tea. Its refreshing, easy to pick up and easy to put down. Is this book for you?If you are a tea-rookie, getting to know the world of loose-leaf tea, this book can offer some fun facts, tips and fables, to fuel your newfound interest. Maybe it will even open up your eyes to new loose-leaf teas or new ways of drinking tea. If you are already a passionate tea fan, who drinks fine oolong, measures the temperature of water and pre-heats the cups, this book probably wont provide 99 new trivia about tea. It might provide however some fun new facts you did not know, or it can always be a nice present for the next birthday party. And for anyone in between, give it a try!.
